

HANG ON TO UMBRELLAS

The balmy summer atmosphere of yesterday is according to the local weather forecast, to give way to rain or snow. The showers that fall Tuesday night, it is predicted, will be heavy enough to make up for an existing drought. The prediction is based on a forecast from the National Weather Service, and as a consequence a snow or rain storm must come.

The high mark for the thermometer yesterday was 66 degrees and the low 40, making it the warmest day this far this season. The record at other points was:

Max.	Min.
Denver.....	Cloudy, 64-38
Grand Junction.....	Cloudy, 58-34
Helena.....	Cloudy, 56-32
Pocatello.....	Rain, 49-34
Modena.....	Clear, 62-39
Winemucca.....	Pt. Cloudy, 59-35

STREET FORCE OUT.

SUPERVISOR CONDIE NOTIFIES HIS WORKMEN THAT THEY ARE OUT OF JOBS.

It remains to be seen today whether or not the laborers in the Street department intend to keep at work or voluntarily give up their jobs. Street Supervisor P. S. Condie has been convinced by the Mayor and the opinion rendered by City Attorney Day, and all of the men, except those whose positions were created by direct act of the Council, walked out yesterday morning after being told by a harangue from their boss. Mr. Condie mounted a barrel at the city's barn on State street and told the men that he could no longer employ them without paying their salaries out of his own pocket or at the risk of his bondsman. He told them that by getting a note from the Mayor they would again be put to work.

A large portion of the men called upon Mayor Morris and asked for the note suggested. The Mayor, however, refused to do anything for them, and told them that they would have to wait until the Council had enacted the ordinance creating their positions. About fifty men have morning whether they intend to stay out or take up their shovels and brooms and earn their pay as they have been doing.

YOUTHFUL BURGLARS BREAK INTO A STORE

Youthful burglars broke into the Fifth Ward Co-op store, at the corner of Third West and Seventh South street, Tuesday night, securing \$25 in cash and a small quantity of candy. That the work was done by boys is evidenced by the fact that entrance was gained through a small window over the door leading into the meat market, after which the burglars made their way into the adjoining room, occupied by the grocery store, by burning a panel from the door between and crawling through. After emptying the cash drawer they left the place by the back door, which they left open. Several boys who were seen loitering about the store early in the evening are suspected of the crime and it is likely arrests will be made.

COULD A WORK FOR SAFER THEATERS

The proposed amendments to the new fire ordinance of Councilman Hartenstein were discussed by the members of the fire and municipal laws committee last night. Manager Pyper of the Salt Lake theater and Managers Hammer and Jones of the Grand were present and talked with the Councilmen. Mr. Jones seriously objected to the provision of the ordinance requiring more exits and argued that the Grand theater can be emptied at any time in two and a half minutes. The managers state that this has been a dull season in the original plan of the ordinance as hereinafter mentioned will provide that in all playhouses with a seating capacity of 500 or more there shall be at least one separate passage way leading from the gallery to the street; that there shall be no steps in the aisles on the main floor, but that it shall be of a gradual slope; that the wall between the auditorium and the stage be constructed of metal, brick or fireproof material; that a certain of metal asbestos or other fireproof material be fitted over the proscenium opening and raised before and lowered after each performance; that

red lights be placed over the exits, and that the exits be plainly marked in large letters.

The committee will report on the adoption of the ordinance with these amendments, and if passed by the Council it will be made effective on September 1st, before the opening of next season.

The street committee acted favorably upon the petition of Putnam Duncan, asking the Council to bear the name of the street upon which they stand. The petitioner will give the city 5 per cent of the net earnings realized. He is limited to placing three boxes upon any one block and the life of the grant is fifteen years.

On the recommendation of Mayor Morris the license committee granted a free license to Mrs. Roy Laher to act as a stock broker and sell mining claims. Mr. Laher in her petition stated that she was suffering with a broken arm and unable to earn a livelihood.

Funeral notices—The funeral of Bro. J. M. Edmunds will be held Friday, February 26, 1934, at 2 o'clock from St. Paul's Episcopal church, corner Main and Fourth south streets. Interment private.

ABSOLUTE CURE FOR THE GAMBLING HABIT
A new penalty for gambling, which would more to discourage the practice than any increase in fines, was put into effect last evening on Second South street. The report of an informant that the guilty man was a little back driver and the cruel and unusual punishment was inflicted by his large and muscular wife.

The woman had evidently been shadowing her husband, for she had no difficulty in locating him in an upstairs gambling house. She persuaded another hackman to go up and call her husband out. The man who called her husband out, and approached her better half.

Did you want me, he asked.
Yes, replied the woman, I want a heavy blow under his right eye and followed it with a poke on the left.
